Re: NW Training Range Complex EIS  
Log No.: 091807-09-USN

Dear Ms. Kler:

Thank you for contacting our department. We have reviewed the materials you provided for the proposed Northwest Training Range Complex Environmental Impact Statement for areas in Washington.

We concur with your identification of cultural resources as a topic in your analysis. We look forward to receiving additional information and consultation under the requirements of the NEPA and the National Historic Preservation Act (NHPA) and its implementing regulations 36CFR800.

These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer in compliance with the Section 106 of the National Historic Preservation Act, as amended, and its implementing regulations 36CFR800.4.

We would also appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of 36CFR800.4(a)(4). Should additional information become available, our assessment may be revised.

Thank you for the opportunity to comment and we look forward to receiving further information and your definition of the Area of Potential Effect (APE).

Sincerely,

  
Robert G. Whitlam, Ph.D.  
State Archaeologist
