Comments: _____
Your public scoping meeting in Pacific Beach
was a good presentation.
But we are still concerned about sonar and
marine life. There are already too many
unexplained deaths
We hope our coastline* which includes the
marine Sanctuary will not start to resemble
Whidbey Island or Seattle during Seafair

* We live N of the Copalis River mouth

Visit www.NWTRangeComplexEIS.com for project information.

*Provide your mailing address to receive future notices about the Northwest Training Range Complex EIS/OEIS.
