

ENVIRONMENTAL IMPACT STATEMENT

NAVAL BASE KITSAP BANGOR

TRIDENT SUPPORT FACILITIES EXPLOSIVES HANDLING WHARF

WELCOME COMMENT CONTACTS FAQs

This Web site has been designed to facilitate public participation in the review of the Environmental Impact Statement (EIS) for the proposed *Trident* Support Facilities Explosives Handling Wharf (EHW-2) at Naval Base Kitsap Bangor, located in Silverdale, Kitsap County, Washington. You are invited to participate in this process and let the Navy know what areas you would like considered in the EIS.

Explore the text and links of this Web site to review the current documentation and scheduling information. Visit the [FAQs](#) page for answers to frequently asked questions.

ANNOUNCEMENTS

The U.S. Navy announces its intent to construct a second explosives handling wharf at Naval Base Kitsap Bangor. The Navy announces the upcoming release of the Draft EIS for the EHW-2 project and public hearing to receive comments on the Draft EIS.

The National Environmental Policy Act (NEPA) does not require Federal agencies to establish a Web site. This Web site has been developed to provide the public with information about the project and is one of several ways to provide comments on the proposed action. Comments also may be submitted at the scoping meetings, by mail or e-mail. The [Contacts](#) page provides information on how to comment by mail or e-mail.
