White phosphorous bombs pour on Gazans

Thu, 15 Jan 2009 06:29:04 GMT

The Israeli army has continued its offensive on the Gaza Strip for a 20th consecutive day, pounding the region with white phosphorous bombs.

In fresh strikes on the coastal sliver, Israeli jets targeted the northern town of Jebaliya early Thursday, dropping white phosphorous bombs on the residents, a Press TV correspondent reported.

White phosphorus, classified as a 'chemical weapon' by the US intelligence, is an incendiary material that causes horrific burns, severe injuries or death when it comes in contact with skin.

Under the Geneva Treaty of 1980, the use of white phosphorous as a weapon is prohibited, however, there is no blanket ban on its use as a smokescreen or for illumination.

Despite the presence of photographic evidence proving that Israel has been using the controversial weapon during its offensive in Gaza, Israeli military denies using the chemical against the civilians saying it is using white phosphorus shells to create smokescreens to allow its ground forces to operate.

Tel Aviv has refused to comment on the types of munitions it is using in the attacks on Gaza. This is while it has admitted using white phosphorus during its 33-day war with Lebanon in 2006.

Meanwhile, Israeli forces continued overnight airstrikes Wednesday through Thursday.

Palestinian hospital officials reported that seven Palestinians were killed in two separate airstrikes in the early hours of Thursday.

Israeli troops engaged in battles with Palestinian fighters in north and south of Gaza City early on Thursday.

Over 1,038 Gazans - including at least 311 children and 97 women - have been killed and 4,700 have been wounded since Israel launched its offensive against the Palestinian territory on December 27.

FOR ALL MUSLIMS: The only way we can and will defeat these enemies is when we fight them as one Ummah / one nation under the flag of ISLAM not as Palestinians, Aslans, Arabs, Africans etc. And not only fight but boycott their products, don't buy from them or sell them anything they will perish because their world is based on material things not on faith. They would die their own death

You can't zul, once these Jews get into one of their genocidal frenzies there's no stopping the. We can only try and make sure that they pay the price, regardless of how long that takes. What we are seeing in Gaza right now is just a speeded up version of what the Jews of Israel have been doing for 60 years. But this time they have gone too far.

How can one expect humanity to those group of people who killed a symbol of love Prophet Jesus (PBUH)? And they still believe they did the right things. Those group of people tried to kill Prophet Muhammad (PBUH) several times but failed. How can they have moral values.

Yes you are right Abdul Wahid and in any case the Jewish Communists killed at least 4 times more people than the Nazis. When it comes to genocide, the Jews are the experts, they have been for centuries.

As it was said by a great American general, George Patton, "Let the other dumb son of a bitch die for his country". I'm not quite sure of the spelling. Moshia Dian "Step on my toes and I'll cut off you head". War is not nice. It's ment to be hell. Forcing the submission of your enemies by all means. WAR-WAR-WAR no rules. The strong write history and rule the land.

If I had some nuclear warheads and long-range missiles up my sleeve I'd send them over to Hamas, along with some missiles full of polonium for every water supply in the state of Israel. That'd get rid of the scum. I don't think they'd be stealing much real estate or killing innocents after that shipment...Eye for an eye, tooth for a tooth and all that.

The Jews are Nazis! They have surrounded the Palestinians from all sides - ground, air, and sea - like animals in a slaughterhouse, are committing genocide in front of the entire world and nobody is or can do anything about it. Palestinians are banned from having weapons to defend themselves and are now blamed for not doing so. The Jewish leaders Livni, Olmert, and co. along with Bush, Cheney, & Rice should be handcuffed, tried and fried in the electric chair for war crimes.

Come on you in the Iranian government put to much fate in U.N., ICC and other organisations. Milosevic died under ICC custody (poisoned to death). The land that U.N. building is built on was donated by Rockefeller (Mr Nazi). The only organisation that is going to help palestine is a multinational army of muslims to match Nato. The world is run by BRUTE FORCE. WAKE UP!!!!

If the Jews read the Old Testament and believed their prophets instead of just using it to steal real estate and kill Palestinians, they'd see that their demise is very near at hand. Judgement day is going to be a very 'black day' for the tribes of Israel except for the 'remnant of David' (Jesus Christ and His followers).

The Israeli bully-boys spend most of their time condemning the terrorism of others and yet their very State was created through terrorism of the most grotesque kind via groups like Irgun, Haganah and the Stern Gang, which bombed and terrorised Israel into being and from which came the Israel Defence Forces, the IDF, which is

bombing Gaza today

Fred

What we are seeing in Gaza, and have seen so many times, both there and in the Lebanon, is merciless Old Testament slaughter: cold, calculated, heartless slaughter "So they sent twelve thousand warriors to Jabesh-gilead with orders to kill everyone there, including women and children. "This is what you are to do," they said. "Completely destroy all the males and every woman who is not a virgin". Judges 21:10-24

ARE YOU SERIOUS

Thu, 15 Jan 2009 07:43:19 GMT
Maybe they shouldn't be using the phosphorous but none of you deal with suicide bombers and missiles being shot at you and yours on a regular basis. If Hamas wasn't a group of cowardly fanatics hiding among the innocent and using them as human shields Israel wouldn't be forced to wage a war that claimed so many innocent casualties. The real blame is on the head or all those Islam extremists who attack innocent people every day and then bitch to the world when people return the favor.

You Tossers need to have a serious unbiased look at the middle east situation " you cant go throwing rocks at your neighbour without him one day throwing bigger ones" This situation was brought about by Palestinian intransigence on the firing of rockets into Israel and recognition of Israel. They are terrorists who need to be dealt with
