**The Project for the New American Century** is a non-profit educational organization dedicated to a few fundamental propositions: that American leadership is good both for America and for the world; and that such leadership requires military strength, diplomatic energy and commitment to moral principle.

**The Project for the New American Century** intends, through issue briefs, research papers, advocacy journalism, conferences, and seminars, to explain what American world leadership entails. It will also strive to rally support for a vigorous and principled policy of American international involvement and to stimulate useful public debate on foreign and defense policy and America's role in the world.

**William Kristol, Chairman**
